Comments: As a 4th Generation Montanan, one of the things that makes me the most proud about our state is our open and public lands. To hear that Holland Lake is facing a possible development is truly disturbing. To take something away from everyone who has enjoyed it for generations just to give it exclusively to people who will exploit the area by making it a hive for the rich is abhorrent. PLEASE do the right thing and keep the land open to all. It's a part of our Montanan legacy, and once it's gone... It's gone forever.
