Title:

Comments: In addition to the comment below, this project will bring real estate (land/homes) out of reach of the local citizens as well as the tax base will continue to increase and make it difficult for Montanans to continue to live in the area. All of this for 'temporary residents touring the state and/or for the 'summer time' residents. No thank you. I strongly oppose this development. Why does everything have to come at a cost for local residents/Montanans= just so some big corporation can make a 'buck'.

As a United States citizen, I am an owner of the forest service land on which sits Holland Lake Lodge. I strongly and completely oppose to the proposed development (facility improvement and expansion) of Holland Lake Lodge. Cutting down trees, removing historic existing buildings and replacing them with a huge, commercial mega-lodge will destroy the peaceful and sublime environment that makes Holland Lake a gem in the treasure chest of our Treasure State. As an almost lifetime Montana resident who enjoys recreation on Holland Lake I object to the proposed Holland Lake Lodge project. No amount of financial profit for the forest service or any of Montana citizens warrants the destruction of the pristine environment of Holland Lake.
