Comments: How can our state officials approve such a development plan as proposed by a Utah firm for Holland Lake? I have many times enjoyed the lake, the pristine environment, the hikes, the waterfall, the small hotel and the unpopulated boating where the kids can walk in and out of the water and we can canoe and paddle board and enjoy a peaceful campfire! To open this small lake to massive marketing and wealthy tourists will detrimentally affect wildlife, traffic and peaceful conditions. Why ruin a beautiful pristine area for the almighty dollar. And the dollar will not stay in Montana. We're our officials elected to protect us or sell us out?? NO To This Holland Lake Ruination Plan.
