Comments: I am writing as a taxpaying, Montana resident to strenuously object to the proposal submitted for developing forest service land where Holland Lake Lodge is located. I strongly and completely oppose the proposed development (facility improvement and expansion) of Holland Lake Lodge. There is no good reason to grow the footprint of the lodge and other facilities. This should be a resource available to all residents and visitors seeking quiet, calm outdoor recreation activities. Cutting down trees, removing historic existing buildings and replacing them with a huge, commercial mega-lodge will destroy what makes Holland Lake such a pleasurable escape. No amount of financial profit for the forest service or any individuals or companies warrants the destruction of the pristine environment of Holland Lake.
