Comments: Comments regarding the Holland Lake project:

While I have not personally been able to visit Holland Lake, I have always wanted to for the serene nature that I've heard it embodies. While we can't stop change of ownership, we can preserve the history of an area by preserving the nature. I am opposed to a development that caters to wealthy out of towners resulting in a facility that even further prevents the public's enjoyment of a special area and interfere with normal wildlife corridors and habitat. Please limit number of tear-downs, number of new buildings, disallow a lodge greater than 2500 sqft, and prevent clearing of trees for views. Please do insist on parameters that will protect the quiet nature of Holland lake for the future use of all members of the public as well as enhance the protection of wildlife in the area.

Thank you. MMK
