Comments: Hello

We have been part time residents of the Swan valley for 8 years. One of the reasons we decide to stay here was seeing the beauty and peacefulness of Holland Lake for the first time. We feel the proposed development would destroy the peacefulness and possibly the beauty. What next a golf course? The increased number of people and boat traffic would definitely affect loon nesting. A lot of people don't know the difference between a bull trout and a rainbow trout so there numbers would be affected as well. There are plenty of places for people who like to enjoy a crowded environment in Montana such as Glacier, Yellowstone, Big Mountain and many more. We certainly don't want to be supercilious, everyone should have the opportunity to enjoy the beauty of Montana but part of the attraction is that it's is not crowded. A supersized Holland Lake Lodge would ruin this.

Sincerely
