Title:

Comments: The first time I visited Holland Lake, I thought I was in a dream. Growing up in the land of 10,000 lakes, I quickly recognized that most of the lakes in Montana are hidden treasures. Sanctuary like. My name is kahler and I live in Bozeman. I came to Montana to live in sanctuary. To find the hidden treasures of this beautiful state and to honor the landmarks, maintained to be unharmed.

I disapprove of the lodge expansion. I strongly feel this expansion will remove the sanctuary of Holland Lake. Not only will the single, intimate, attraction of the lodge no longer exist to locals, but it will take away from the experience. The venue of the lodge is solely created for intimate experience, people choose Holland Lake as a wedding destination solely for the purpose of its cherished and untouched scenery. They choose the historic Holland Lake lodge because it's quiet and small. Please don't take this away from the people who care for and respect Montana as much as me. Please don't take this away from the wildlife.

For a healthy environment, keep your forests green. It is the responsibility of the Forest Service to prioritize and protect this sacred spot in Montana.
