Comments: Holland lake is one of the most pristine and beautiful places left undeveloped in the Seeley-Swan area.

It should remain this way.

No amount of commercialized expansion will be good for the lake, it will only be food for fattening wallets of investors at the expense of all of us who enjoy the outdoors and the quiet, pristine beauty of Holland lake.

DO NOT let Holland lake become a commercialized disaster.

Do not approve development at Holland lake!

-BW
