First name: Sidney

Last name: Armstrong

Organization:

Title:

Comments: Once again, a huge corporate takeover of a beautiful, unspoiled region of our state. And with the cooperation of the Forest Service, whose abilities and values always seemed in line with saving our beauty and wild environment, not in enabling the money grabbers from out of state from spoiling it all; especially for our own Montana residents.

We are well aware of how Big Sky has been ruined and far too expensive for most

Please STOP this unwanted and unnecessary development at Holland Lake.

Thank you, Sidney Armstrong
