Comments: Holland Lake is a very special place. The campgrounds are among our favorite. People visit Holland Lake for its beauty, peace, and quiet. Any development that detracts from the lake's beauty, peace, and quiet is highly inappropriate and must not be permitted.

The historic Holland Lake Lodge has fit well into the lake area for many years. Yes, facilities need to be maintained, and can be expanded in an appropriate way. But converting the lodge property into a major destination resort IS NOT APPROPRIATE.

The Seeley Lake area is a crowded, noisy, and unpleasant area, highly dependent upon mechanized recreation. PLEASE do not permit Holland Lake to become the same by approving the development proposed by this out-of-state corporation.

Thank you
