First name: Jennie

Last name: Siloti

Organization:

Title:

Comments: My name is Jennie Siloti and I have lived in Condon Montana since 1976. I have never seen our Valley threatened like it is now in all my years. I totally and completely object to the Forest Service and POWDR proposal. I am disgusted by the Forest Service and how they are representing an out of state conglomerate over our local eco system and citizens. I feel like this is an enormous threat to humans, animals, the forest and clean water in the Valley.
