Comments: I truly feel like this HUGE expansion of a very treasured campground/small hotel will RUIN the feel of the whole Seeley Lake region. Yes, campgrounds are all full, and the hotels are all full during the summer. So plan early, make reservations early. I don't know ANY RESIDENT that is in favor of this expansion.

There are treasured loons on Holland Lake. They will only be further traumatized by such a development. A 13,000 sq foot lodge???? It will be priced to where Montana residents will not be able to afford it (see the result of expanded renovated rooms in Yellowstone Park. No Montana resident can afford them any more) Please please please, have the foresight to protect this INCREDIBLY beautiful area from out of state expansion and profit motive.

I am NOT in favor of ANY of this expansion.
