Comments: I am in support of ONLY keeping Holland Lake and surrounding areas open to the public, as intended. Proposing anything other than complete access to the public is contrary to the entire basis of National Forest land. Please keep this area and others open to everyone, not giving in to the hands of money. There are many private places that private individuals can do what they intend to do, and that is what private land is for. Please consider keeping public land, public. Thank you.
