First name: Evelyn

Last name: Roberto

Organization: Backcountry Horsemen of Uwharrie

Title: President

Comments: Backcountry Horsemen of Uwharrie understands the need for the proposed roadway improvements. Our concern is for the non-motorized users within the forest. As recent as last weekend, a horse was hit because a side by side ran up the road past it, there was a truck behind the SBS, the horse spooked, as the truck passed, the horse got hit by and tore off the mirror. There are at least 6 trails that cross this project. We would request that there be improved signage at trail crossings and speed bumps be installed to require drivers attention at these crossings.

Thank you for the opportunity to comment.

Evelyn Roberto
