Comments: Outside Holland Lake Lodge is a rock with a plaque honoring visionary leadership and generosity by preserving "the quiet grandeur, beauty, and wildness of the Swan Valley and the crown of the continent for future generations.

Approving this expansion will, in my opinion, do exactly THE OPPOSITE.

Granted the lodge needs some repairs and tender care but a proposal that more than doubles the size of the lease, adds so many more vehicles to the road and our environment, effects our wildlife is NOT in the areas best interest. Swan Valley is rural Montana at its best, Please don't Californianize it! If people want fancy resorts go to Aspen, Vail, Lake Tahoe, or the California coast.

Please DoNot approve this expansion!!!

Thanks
