Title:

Comments: I am opposed to the proposed expansion of Holland Lake Lodge. The risks to wildlife, the lake, the trees on the property, the increased noise, car and boat traffic, the threats to water and air quality, would not benefit the public. This public land cannot be sold to the highest bidder for the buyer to use this public land for their own gain at the expense of animals, fish, birds, (such as loons) and the people who enjoy the quiet and beautiful restorative nature of the lake. I celebrated my 87th birthday at the public beach at Holland Lake this summer. We can't allow this treasure state treasure to be ruined. How would this proposal benefit the US citizens, and average Montanans and out of state visitors? How would it constitute public benefit?

Sincerely, Lydia Weeden
