Comments: Myself and all volunteers and board members of Montana kayak academy disapprove of the holland lake lodge project. We believe that this project will benefit very few out of state developers that do not share the same agenda as locals and montanas that love, recreate and enjoy the Swan valley. Have we not learned that building and development will always support the mega rich and leave hard working locals to clean up the mess. This development projects will change the entire swan valley into something that is not the swan valley. Does greed and money always have to be the only reason to do something? Can we not understand that holland lake is bigger than anyones bank account. We want our kids kids to enjoy this wild place. We don't have as many as we think. We can always build more and more but can never build wilderness, build natural forests. Holland lake is not going anywhere. Let people enjoy these wild untouched places.
