Comments: The purchase of Holland lake is a slap in the face to all Montanans. The fact that it was sold to an out of state company with the purpose of turning our lake into a resort that will only be used by wealthy out of state individuals is ridiculous, arbitrary and capricious. Montana already has a problem with out of state companies driving the cost of living through the roof and this will serve nothing except to line the pockets of wealthy individuals with no connection to our environment, communities, or people.
