Title:

Comments: I am writing to beg you to not allow the Holland Lake expansion project. We need to protect the beauty of Montana, not exploit it. I have visited the nesting Loons for years, and hope to do so well into the future. There is no place like Holland Lake. Let's keep it that way! It is not meant for the profit of a few over the best interest of all Montanan's.

Thank you, Jasmine DeMinck
