Comments: I strongly oppose expanding the Holland Lake Lodge. No doubt, this expansion is being proposed without regard for our natural resources, or for the working-class Montanans in the region who are likely not their target audience. The individuals involved are clearly looking out more for their own pocketbooks than for the people, wildlife, and land they are looking to exploit. I'm ashamed to have considered the owners of Holland Lake Lodge stewards of our state. They have forgotten their roots and have turned their backs on us by partnering with one of the largest ski resort operators in North America. On Glass Door, POWDR boast a record of paying minimum wage, providing employees with no benefits, and doing nothing about harassment and inappropriate workplace behaviors. We don't need that kind of greed here. I guess you can take the man out of California, but can't take the California out of the man. Shame on you.
