First name: Sarauna

Last name: Torrez

Organization:

Title:

Comments: This giveaway of public land to for-profit corporate interests was pushed through without sufficient public comment or approval because Wohlfeil and POWDR knew that they would face overwhelming opposition from locals. Expanding the lodge without addressing potential harm to the surrounding area, including but not limited to environmental impacts, increased pressure on existing infrastructure, and public access to public lands, is corruption, plain and simple. Listen to real Montanans and curtail this monstrosity of a proposal.
