Comments: My family and I make it a priority to visit Holland Lake in the Fall/winter. We load up the truck with firewood, fishing supplies and food. Take a sled and drag everything to a campsite and hang out for the day. We do this because the lake is extremely peaceful and quiet during the winter months. The views, solitude, and quiet is what makes it very special for us. We can not understand how a resort that will be open year round is a good idea for Holland Lake. Some things are meant to be less disturbed. Please do not change anything with Holland Lake. This place is not meant for tourists and weekend luxury getaways. There are plenty of other places to do that.
