Comments: Please conduct a full environmental analysis before approving an expansion of the Holland Lake Lodge. Expanding the lodge, and constructing 32 additional buildings, will undoubtedly have a tremendous impact on the wilderness area and waters surrounding the lodge (and beyond) from a sharp increase in traffic and recreation use. You owe it to the citizens of Montana, and the residents of the entire Seeley Swan Valley, to perform your due diligence and ensure a scientific analysis has been completed, and carefully reviewed and understood *before* any plans are approved for expansion.

Thank you for your consideration.
