Comments: I am opposed to the Holland Lake expansion project.

To have a large out of state corporation build a much larger lodge and facilities will over run the area and completely change the dynamic of Holland Lake. It's a small ecosystem that has remained basically unchanged for years and deserves to remain that way.

Can't we leave a few things the way they were before Covid came along and made a massive impact on our recreational opportunities? Every place in this beautiful state doesn't need to be like Glacier and Yellowstone. Completely overrun! There need to be a few calm places left in Montana.
