Comments: I am writing in opposition of the commercial development at Holland Lake. This area has provided an exceptional recreational opportunity for my whole life. I am continually frustrated that development is ruining our state and its natural resources. Increased activity will ruin this area for all public land users! All this in order for an out of state interest to make money! Please deny this action and any other form of expansion. At some point we need to cater to those in the surrounding community that pay taxes instead of chasing the tourists dollar. I would like to keep this area pristine for the next generation of Montanans to enjoy.
