Comments: This is my second comment on the proposed Holland Lake Lodge project. I want to add this: I would rather see the lodge property go back to the Forest Service, instead of this huge commercial expansion. I can picture the property becoming another loop of the Holland Lake Campground, maybe the "Lodge Loop." Holland Lake needs more campsites. the existing buildings could be USFS rentals, similar to other USFS cabin rentals. Please, instead of entertaining POWDR's inappropriate proposal, consider this option. more camping at Holland Lake, yes!
