First name: Penrod

Last name: Davis

Organization:

Title:

Comments: I was a guide that worked from the lodge 40 years ago. You can feel the history of the site. Changing the ambience would ruin the experience. This is one area that should remain as it is. I strongly oppose this project. My family has been here in Western Montana since the 1870s. We are losing too much to our state interests.

Sincerely, Penrod Davis.
