Comments: I am so disheartened learning of the recent purchase of Holland Lake Lodge and its buildings on Forest Service Land by POWDR. I spent a good part of the 1980's there at a friend's cabin (until his untimely death) and knew the Lodge owners well. I always felt it was the most scenic lake in the Seeley/Swan. Pristine, serene, beautiful, and low profile. Our friend used to tell us that he had to get permission from the Forest Service just to cut down a dead tree. I still frequent Holland Lake and use the campground. I have even camped there with my Girl Scout Troop. I always choose Holland Lake to go to because it is UNDEVELOPED! If POWDR wants to give some tender loving care to the existing Lodge, and put new and updated cabins on the existing cabin sites I have no problem with that.

So many out of state big developers have already come into our state and exploited our beautiful land. As a Montanan, I am totally against this development. It is not in the best interests of Montana, and it's another big developer wanting to capitalize on our beautiful surroundings. It's not OUR way of life. We need to protect what's left of our natural forested lands before we only become a state where the rich come to play.
