Comments: I am totally against the proposed Holland Lake Lodge area expansion! We have been going to the Holland Lake since 1965. We have stayed in the cabins until the appliances were removed and you had to have the lodge meal plan, we could not afford. I did just stay in the lodge in May and fully understand the need to repair and upgrade . I worry that with this plan the highway and the road to Holland Lodge will be very busy. I also worry that our small lake will not be able to handle more boats and watercraft and I worry about the Loons who live on the lake. I am sad that there are really people that want to ruin a beautiful Montana lake by taking down hundreds of trees and spoiling our forest . Please Stop and save Holland Lake Lodge.
