Title:

Comments: Hello,

My name is Donna Rouse and I want my voice to be heard. I would like to start by saying Holland Lake is beautiful the way it is. We have enough homes and buildings taking up our beautiful lands and we don't need anymore. Montana's public lands are what makes this state so special, the heart of nature that is left in peace and people to learn and experience the outdoors. Protection of this land is of the utmost importance and this is our home that shouldn't be destroyed. Look around the U.S, public lands are dwindling in most states. Most Americans don't know what public lands are. Too many people want to destroy and build structures all for profit. Holland lake is already a luxurious location of peace that is left alone. It doesn't need a kitchen, fancy bed, balcony, etc. Simply, build a tent, grab a chair and spend the night looking at the stars, sunset or sunrise in a very peaceful manner by respecting the wildlife. Keep Public Lands in Public Hands.

Thank you,
