Comments: I disapprove of the Holland Lake expansion #61746. Holland Lake is so beautiful as it is now. It is a lovely quite place to visit, and to view untouched Nature at it's Best. There are few places left that one can go walk the trails and enjoy real nature. The lake is peaceful to sit by, and we need peace in our lives, I need peace in my life. Any resort of this magnitude will change Holland Lake forever.

As well as neighboring communities. We need to slow down and enjoy and maintain Holland Lake and Nature as it is.
