Comments: I am writing to oppose the expansion and commercial development of Holland Lake Lodge. I have hiked, mountain biked, backpacked, kayaked and cross county skied here since 1992. I thoroughly enjoy this pristine wild lake as it is and strongly think this development would adversely effect the pristine, homey, rough hewn, historic, old time Montana ranch/lodge setting and beautiful natural environment that one is able to currently experience at the existing lodge. This development will bring economic exclusivity (i.e. wealthy out of staters) to the historic small Lodge and that will be detrimental to average, local Montanans who so dearly love this lake and the surrounding area. I am vehemently opposed to this project and do not support changes as proposed. Let the wealthy fat cats recreate at Big Sky, in Bigfork or in Whitefish, leave Holland Lake as it is...there will be no going back!!!
