First name: Sandra

Last name: Holloway

Organization:

Title:

Comments: I oppose expansion! This would draw in a lot of people who aren't used to being in bear country. Surely this organization is going to be promoting recreation beyond the 15-acre site, and all these things can displace bears, lynx and other wildlife and can increase the number of confrontations. It can even increase the mortality risk for bears because of the increasing number of people in the area and the fact that some bears may be displaced from more secure places into places where there are people and the mortality risk is higher.

I oppose expansion of this project!

Thank you for the opportunity to speak for wildlife and habitat,

Sandra Holloway
