Comments: Thank you for taking comments. I know you have so many so I will be brief.

Please consider the big picture of the whole area and consider prioritizing access for all, not just guests with the resources to stay at the new lodge. Look at improving/enlarging the camping and lower cost options as well, if you are looking to expand access.

Think of the tagline used for the nearby exclusive Paws Up, "Just like a national park, only private."

That's NOT what you want!

Thanks for reading:)
