Comments: Nope! Very bad idea. I do not support the USFS Holland Lake project. Why would we let a corporation use our, Montana's, beautiful land to expand and gain profit? Bring more people? So they can move here? Raise the cost of housing and force locals out?

I've been to Holland Lake Lodge, it's a wonderful place. Please let's keep it ours and not expand with the help of corporations. The area is used by hikers, packers and riders. Please respect that it is owned by the people of Montana.

Respectful,

Sheila Getty
