Comments: I write from the other state with hig, beautiful skies to decry the proposed development at Holland Lake. Everything about this plan stinks to the heavens of corruption. No CE, no Special Exemption, no further development!

Specific complaints:

1. The Holland Lake Lodge Master Development Plan was not made publicly available on the Flathead's web site until September 6. The public needs plenty of time to review this 36-page document and the Forest Service's 16-page "scoping" document. Smells fishy.
2. The scoping document is dead wrong to presume this mega-development can be "categorically excluded" from the prior preparation of an Environmental Assessment or Environmental Impact Statement. Such shortcuts are intended for constructing an outhouse or a tool shed, not a destination resort! Stinks of corription.
3. The Flathead NF must provide 60 days for public comments on these Holland Lake "scoping" documents and then prepare an Environmental Impact Statement that fully assesses the potential impacts of this mega-development on this historic, rustic area and its natural ecosystems.
