Comments: I'm writing in opposition to the proposed development on Holland Lake. This is another attempt to usurp public land for the benefit of the wealthy... not allowing the development will not infringe on anyone's ability to enjoy the lake and surrounding environment. We let public lands be infringed on at our peril, once lost it is difficult to recover. The land should be open to all and protected in as close to its original state as possible, with any access and improvements made to benefit everyone, not some corporate investment portfolio. Please say "no" to this development and keep Holland Lake the way it is for ALL of the public land owners to share and enjoy. Thank you, Matthew Lyon
