Comments: I beg you not to approve the Powdr development for Holland Lake and Holland Lake lodge. This lovely, quiet area should not be turned into another huge playground for the bored and wealthy at the expense of wildlife, pristine environment and what makes Montana the Last Best Place. Once it's gone, it's gone. Do you want Montana to end up like Niagara Falls and hundreds of other once- lovely overdeveloped areas? Without our government agencies looking after the environment's best interests, greedy, self-interested parties would rush in to mess up all the world's beauty and resources. What would John Muir do? Please do the right thing.
