Comments: My first USFS employment was Condon RS, FNF, in Swan Valley. I caught big dolly Varden in Swan, and serviced Holland Lake Campground. I saw devastation by clearcuts, housing developments, and dumping resulting from private land. I watched smaller beaver ponds wiped out after I caught Cutthroat from them. Pierce Lake was bad enough, and NOBODY with a USFS lease let me fish, "Git orfa ma propity!" I floated the river from Condon RS down to Swan Lake. Wild and wonderful!

Holland project is another mad spur to global climate collapse by corporate interests, not ours.

PLEASE!! It's bad enough already. DENY MORE DEVELOPMENT! Ban the corpo-rats from wiping out the last vestiges of what was once God's handiwork. GOD is almighty, NOT the dollar!
