Comments: I'm concerned about the Holland Lake Lodge for several reasons including preserving the wildlife such as bull trout, grizzly bears, wolverines etc.; increase in traffic for a rural area which creates potential for accidents. It's a 2 lane road with frequent non passing areas which could build up traffic, speeding, more deer that will be hit. It's a rural area with such charm and if you bring some big company in that only concerned about profit it will lose that charm. MT is changing so much and pushing your average family out. It will drive housing costs even more like Flathead valley. Fix up what's there but don't make it bigger!
