Comments: It's unfortunate to be writing this right now, I feel that big outfits will continue to try and plow their way into MT. I grew up going to holland lake multiple times a summer and still continue to do so. As my family has had a place in the valley for many years. Holland lake is one of my favorite spots and I couldn't bear to see this explode in growth with only more potential to get bigger in the future. It is not a good idea for this to continue forward. Please leave this amazing spot alone.
