First name: Chris

Last name: Newell

Organization:

Title:

Comments: Our family has been visiting Holland Lake for 10 years. It's one of our favorite places on the planet. We don't have a lot of fondness for Christian. He can be arrogant, mercurial and sometimes very rude. Under his ownership, he has done very little to maintain the property and facilities, probably for lack of funds. We have examined the plans POWDR has proposed for the site and in our opinion, it is exactly what the Holland Lake Lodge property needs at exactly the right time. Facilities will be upgraded from below minimum standards to a level that will at least match the grandeur of the location. From the looks of the plan, improvements will NOT be excessive and will not overwhelm the surrounding environment. It seems to me and to our family, the overheated opposition, especially viewpoints published on the Save Holland Lake website are overblown and hysterical. The plan, as described by the proposal, is sound and should be approved.
