Comments: I am AGAINST the expansion of Holland Lake Lodge. The forest service claims there would be substantial environmental analysis with a CE. I don't buy it. The purpose of a CE is to exempt the project from the detailed analysis done in an EIS. Situations like the Holland Lake proposal cry out for an EIS for many reasons (environmental, sanitation, habitat loss and disruption including 3 species protected by the Endangered Species Act, the list goes on and on).

The Forest Service needs a reminder these public lands do not belong to them, THEY ARE OWNED BY THE AMERICAN PEOPLE.
