Comments: I strongly OPPOSE this unnecessary construction at Holland Lake Lodge. I also find it interesting that this is titled as an "Improvement". In whos eyes? Certainly nobody from Montana. NOBODY wants this resort. Nobody but the greedy people who want it built. Nobody but the out of staters that don't even live here. They won't see the horrible impact to our surrounding natural habitat. They get to sit in their comfy mansions. Buildings like this go against everything that makes Montana Montana. Keep that kind of junk in Colorado and California. NOT IN MONTANA.
