Comments: In early June, I spent several days at the campground at Holland Lake and enjoyed hiking the trails and canoeing on the lake.

I am concerned about the proposed expansion of the lodge because I feel it will forever change the character of the place from a rustic forest getaway to a shiny resort that only the more wealthy can enjoy.

The increased traffic will affect the wildlife that is also one of the things that makes the area special.

And another concern is septic concerns with the increased usage. Will the lake be safe from sewage leakage?

Please do not allow for the expansion.
