Comments: I absolutely love the Holland Lake area. That being said I am hoping this letter does not fall on deaf ears.

Does the Lodge and surrounding areas need improvement, I have no doubt. However not to the extent that Powder is looking at, the impact associated with the drastic increase of people on noise, light, and the environment will be devastating and irreversible.

The affect on wildlife and the surrounding areas infrastructure...roads, power, communication etc. is the known, unknown.!

Let's keep Montana and the Holland Lake area the truly "Last Best Place"!
