Comments: I object to the proposed expansion of the Holland Lake Lodge. My understanding is the permit for the current lodge is 10+ acres and the permit for the expansion totals 19 acres. That is almost double in size. The impact on the lake and surrounding areas would be huge. Harvested trees. The amount of water needed for cooking, showering, sewage, and laundry is significant. Animals would be greatly affected by the increased number boaters, hikers, traffic, and roads. The very nature of the lake and surrounding area would be diminished by the increased number of people and year round activity.

Permitting this expansion would be like the tail wagging the dog. the new lodge and associated facilities would dominate. Please stop this project or at a minimum, cut the size in half.
