Title:

Comments: I have gone to Holland Lake for going on 42 years now. It is a magical place. These kinds of places are rapidly disappearing in Montana. Don't let POWDR develop their proposal. This is on public land, lets keep it for the public, not the few who can afford to stay in what they are proposing. I would like my grandkids to be able to enjoy this lake when they are older too. The whole thing seems to be a rush job with POWDR putting their considerable weight behind a pretty slick promotional campaign. Please, Please, Please deny this application for expansion.

Regards,

Blake Bucher
