Comments: I have been a Swan Valley resident for 45 years. I have seen many changes to the valley, mostly positive. I am writing in support of Holland Lake Lodge. It has been and will continue to be a very special place for people to stay, and gather to celebrate the beauty and unique qualities of Holland Lake. I'm a regular visitor to the Lodge and I can see it needs major work and also some restoration. I believe with guidance from the local conservation and historical organizations, this can happen and we can persevere the unique Holland Lake Lodge experience. The Forest Service will need to do a full EIS for this project. I think a 40ft buffer for the lake shore would be appropriate. Holland Lake should be a designated "no wake lake" to preserve the quiet and the water quality. I support all the educational and conservation proposals in this master plan for Holland Lake Lodge. Thank you for accepting my comments on HLL proposal. Sincerely Kathy Kinzfogl
