Comments: As a former USFS Employee, I urge you to deny this Holland Lake Expansion Proposal.

All I have seen in the last month is:

Bad Business.

Bad Science.

Poor Communication.

What seems to be questionable series of decisions made without proper steps.

It will all be made public at some point and the shortcuts and back door business dealings will be highlighted.

Possibly career ending.

This project needs complete and full environmental review. It does not qualify for exclusion.
